SPORTING NEWS OF THE DAY

FIRST REGULAR MATCH

FOOTBALL TODAY BETWEEN PACHUCA AND COUNTRY CLUB.

Game Called at San Pedro Grounds at 3:45 O'Clock This Afternoon—Local Team Will Entertain Visitors at Dinner.

Today the regular football season will open with a match for the championship between Pachuca holders of the cup, and the team of the Mexico Country club. The game will be played on the field of the latter club at San Pedro. The kick-off is arranged for 3:45 p. m.

For the Country club the team will be: H. N. Branch, goal; R. N. Penny (captain) and J. J. Macfarlane, backs; J. A. Branch, R. Locke and E. Perkins, half-backs; J. Perkins, center forward; O. M. Sharp and A. S. Hughes, outside right; Gilchrist and J. N. Branch, outside left.

Every footballer will be glad to see Macfarlane in his old place on the back line, and if he is his former self the Pachuca men will find it hard work to get the ball past the line of defense, for with Penny and Macfarlane in their best trim but few goals will be scored against the Country club this season.

Gilchrist Is a New Man.

With the exception of Gilchrist, the rest of the team are well tried men. H. N. Branch in goal is always a strong player, and the three halfbacks are quick and effective. The work of the forward line may depend upon how Sharp can stand the strain. If he can do the good work of two seasons ago, the Pachuca backs are sure to come in for a liberal share of worry. J. Perkins is a much improved player, and should Gilchrist be able to sustain his high reputation, the Country club's forward line will show some work well worth watching.

Changes in Pachuca Team.

In the Pachuca team there are several changes. R. T. Sobey is captain for the season, and he, with Blamey, will be the back line. It is hard to name a player at back who times the ball more accurately and who kicks with better direction than Blamey, while Sobey is one of the hardest working members of the team and has lasting qualities inferior to none. E. Gould will doubtless be in goal as in former years. The other familiar names in the team are: T. J. Bennetts, J. Bennetts, Jr., R. J. Dawe, M. Abrahams and W. J. Scobel. The new members are Beresford, Finch and Harris.

Beresford has a high reputation, and he will probably be one of the half-backs. Of the quality of Finch and Harris more will be known when the match is finished.

Brilliant Uniforms.

There are three reserves, Carey C. Brown and A. Williams. The team will, as usual, play in its handsome colors, dark blue and light blue, while the Mexico Country club will for the first time appear in their new uniforms of green and white shirts with white pants.

R. J. Blackmore of the Reforma club will referee, and C. Grenfell linesman for Pachuca.

The match is sure to be very fast, but as there are a number of untried players contending, it is not easy to name the probable winners. The ground is in fine shape, and the match will be watched by a large gathering of spectators.

At the conclusion of the game the visitors will be entertained at dinner by the Mexico Country club team, and Alonzo, the caterer, has made most elaborate preparations for the repast.

AGUILAS CANCEL GAME.

Unable to Play Olympic Club Here September 17.

Notwithstanding the fact that the representative of the Aguila baseball team of Veracruz, made a special trip to Mexico City to arrange for a game with the Olympic club to be played on September 17, they have advised the manager of the local team that it will be impossible for them to fill thier date, alleging that three of their men are sick and that others have gone to Cuba.

In spite of this, the manager of the Olympic team is determined that the local fans shall not be disappointed and arrangements are now underway to bring the Oaxaca team here to fill the date cancelled by the Aguilas. Should it be impossible for the Oaxaca team to come on the seventeenth, they will be asked to come on the twenty-fourth, and the Puebla team will play their return game with the Olympic club on the seventeenth.

The members of the Oaxaca team are good ball players and although they have never played with the capital team, the game promises to be a warm one. Gordon Granger, manager of the Oaxaca team, is well known among the sporting fraternity of this city, as a genuine lover of all sports, and to him is due much of the credit for the advancement of athletics in Oaxaca.

PUEBLA STRENGTHENING.

Importing Fast Ball Players For Game With the Olympics.

Fearful lest their own players will not be strong enough to meet the Olympic team next Sunday, the Puebla baseball association is bringing three fast baseball players from Pachuca to play with them in the game with the team from this city. The manager of the Olympic team states that it makes no difference to the team to what strength the Puebla team may reinforce themselves. He will put Varras in the box at the beginning of the game and in case the Puebla batters succeed in finding him he will put Juarez on the slab. As Juarez has succeeded in mystifying the batters of every team in the city and those of the foreign teams that have played here, there is little doubt but that he will be able to take care of the Puebla batters, no matter what reinforcements they may receive.

There is great enthusiasm in Puebla over the prospects of the game, and it is being thoroughly advertised.

JACK MADDEN IN TOWN

WAS FORMER FEATHERWEIGHT CHAMPION OF UNITED STATES.

Gives Boxing Lessons and Holds Classes at Cosmopolitan Club—Will Make Extended Stay in Republic of Mexico.

Jack Madden, former featherweight champion boxer of the United States, is at present in the city and intends to make an extended stay. He has commenced to give boxing lessons and will hold classes at the Cosmopolitan club where he will instruct both members and non-members.

In appearance he has the points one looks for in a boxer—a muscular frame, elastic step and an eye as clear as the eye of an hawk. When at work he shows how well he has been trained, and his footwork indicates that he holds in reserve an abundance of skill.

Madden received his training in the best athletic clubs of New York and Brooklyn, where his skill was tested by the best men in his class, who flourished ten years ago.

CRICKET AT TORONTO.

Annual Match Between United States and Canada Begins.

Toronto, Ont., Sept. 7.—The annual cricket match between the United States and Canada began on the Toronto Cricket Club grounds at Rosedale. The weather was cloudly and there was a small attendance when the Canadians, who lost the toss, took the field at 11:30. J. B. King and D. H. Adams were the first pair of batsmen, the bowling being intrusted to Cameron and Mossman.

The start was anything but encouraging for the visitors, the first three wickets falling rapidly. The two Belmont men, King and Cregar, on coming together improved matters somewhat. Cregar was particularly aggressive, one big drive of his going right over the pavilion and out of the grounds. With his score at 25 he lost his wicket to a good catch by Lounsborough. King, who had been batting well and steadily, was unfortunately run out after subscribing 29.

Wickets thereafter fell rapidly, neither Mason, Cartwright nor O'Neill scoring a single between them. With H. W. Middlton and E. K. Leech together a somewhat better complexion was put on the game, but just when it seemed that they would make a good stand the partnership was broken, Middleton falling to a catch by Evans off Cameron's bowling.

With Greene as a partner Leech continued to put on runs steadily and it was not until his total amounted to 28 that he was bowled by Cameron, the innings closing for the low total of 127.

Comeran bowled uncommonly well and captured no less than six wickets.

The Canadians' innings started none too well, H. F. Lounsborough being caught and bowled by King before he had opened his account.

F. C. Evans and the Rev. F. W. Terry put up a good stand for the second wicket. With his score at 23, Terry was adjudged 1, b. w. to Middleton. J. E. Hall contributed 12 before being caught and bowled by Adams. York was cheaply got rid of, but Doctor Cameron played steadily for 16. Meanwhile Evans had been playing splendidly, his hitting being full of power, one especially hard drive sending the ball clean out of the grounds. He finally fell to a good catch by King from a delivery of Adams. His innings of 67 was a highly meritorious one and aroused the enthusiasm of the spectators, who had increased in numbers after the luncheon interval.

F. S. Bedlow also did well for the Canadians and played a good innings of 37, at which total he was stumped.

S. W. Mossman and D. W. Saunders played out time, the former being not out 9 and the latter 11 when stumps were drawn for the day at 6 o'clock, the score standing at 207 for 7 wickets. At the present stage of the game the Canadians hold a very appreciable advantage, as they are 80 runs on, with three wickets in hand. The score follows:

UNITED STATES.

J. B. King, run out	29
D. H. Adams, st. Saunders, b. Cameron	9
P. N. LeRoy, c. and b. Cameron	0
C. C. Morris, c. Saunders, b. Cameron	8
E. M. Cregar, c. Lounsborough, b. Mossman	25
J. H. Mason, st. Saunders, b. Mossman	0
H. R. Cartwright, Jr., run out	0

COSMOS TOOK THREE POINTS.

Game at Y. M. C. A. Alleys Last Night Was Uninteresting.

The bowling game between the Cosmos and the Independents on the Y. M. C. A. alleys last night, was below the average in regard to the score made by the players. Carey, of the Cosmos team, which took three points, bowled very well. In the third game he made 224. His total was 563.

The score:

INDEPENDENTS.

Edwards	140	161	207	508
Taylor	118	191	156	465
Cook	103	123	133	359
Little	142	113	103	358
Blank	100	100	100	300
Total	602	723	699	2024

COSMOS.

Carey	173	166	224	563

Germans	1

ENGLISH BRANCH WINS

TAKES ATHLETIC MEET ONLY BY NARROW MARGIN.

Mills, for Alvarado Street Y. M. C. A., Cleared 5 Feet 2 Inches in High Jump—Cotter Threw Shot 33 Feet.

Six and eight-tenths points is the narrow margin by which the Alvarado street branch of the Y. M. C. A. won the meet last night from the Patoni street branch. The points stood 43.9 to 50.7. The six events were all spiritedly contested and in several of them the Patoni street athletes had things their own way but in the other events the English-speaking athletes had little trouble in defeating their opponents. A record nearly developed during the events. Mills, of the Alvarado branch, cleared five feet two inches in the high jump. That is within one inch of the record for the indoor high jump in the Federal District.

Works in the Rings.

The first event was the work in the rings. The Mexicans took this event with little trouble. The points stood 52.6 to 41.2 in favor of the Patoni street branch. Carreño did the best work for the Patoni street association getting 9.2 points out of a possible 10. Gleason, of the Alvarado association, received 10 points, his work being practically perfect.

Throws Shot 33 Feet.

Through the prowess of Cotter, the Alvarado branch won the shot put by a number of points. In his first trial he only threw the shot 28 feet 7 inches but with his different turns he kept throwing further until he threw the shot 33 feet.

Not another of the contestants succeeded in getting the shot over the thirty-foot line. Pedro Gutierrez did the best of those representing the Patoni branch. He threw the shot 27 feet 9 inches. The Patoni street association received 44.8 points in this event while the Alvarado branch made 57.2.

Lost Out in High Jump.

The Patoni street athletes lost badly in the high jump. Mills made the sensational jump at 5 feet 2 inches. As there is scarcely no space to run in the gymnasium this is considered a good jump. It comes within one inch of tying the record of the Federal District. The Mexican athletes made 39.2 while their opponents made 60.4.

Several of the athletes did creditable work on the parallel bars but there were some of them who did not attempt anything that was at all difficult. The Patoni street branch took the honors in this event with little trouble.

Work on the side horse has not been, usually, a part of the athletic exhibitions, but it proved last night to be very popular. The result gave the Alvarado branch several more points. The judges figured that the Alvarado athletes made 57.6 and the Patoni street branch 51.

English Branch Wins Potato Race.

The last event was the potato race. This proved to be one of the most interesting on the program. Between many of the competitors the race was very close but two or the men from the Patoni branch were so worn by the quarter mile run that they lost their heads and a number of valuable minutes in the race. The Patoni athletes were awarded 21.6 points while the English-speaking athletes received 40 points.

The result of the events is shown by the following:

	Patoni St. Y. M. C. A.	Alvarado St. Y. M. C. A.
Parallels	54	48
Rings	52.6	41.2
Shot	44.8	57.2
High Jump	39.2	60.4
Side Horse	51	57.6
Potato Race	21.6	40
Totals	263.2	304.4
Average	43.9	50.7

LAVIGNE IS HOME TO STAY.

Ex-Champion Lightweight Fighter Returns to the United States.

New York, Sept. 7.—After a stay of more than two years in France, "Kid" Lavigne, once the world's champion lightweight fighter, has returned to America. The erstwhile great fighter says that he has had all he wants of the other side, and that hereafter he will remain on his native heath.

Lavigne, who is in as fine shape as the night he defeated Joe Walcott at Maspeth, is now in the city, and relates an advanced idea of the manly art of self-defense in France.

Lavigne conducted a school of boxing while in Paris, and in it he taught many of the French nobility and aristocracy much about the American style of boxing. According to him, the national sport of La Savate has taken a back seat, and the American and English game has come to the fore.

In a short time, Lavigne says he will bring to this country two of the best La Savage fighters in that country, and he will endeavor to show Americans the style of fighting that is so popular in France.

While Lavigne was in France he married a French woman, and today he will start for his old home in Michigan with her.

AMERICAN BASEBALL TEAM.

Meeting for Organization Purposes Held Tonight.

A meeting of the American Baseball team will be held tonight at the rooms of Paul Wooton, First Independencia, No. 4, Viv. 5, at 8:30 o'clock. The prospects for the coming year will be discussed at this meeting and the officers of the team will be elected. The principal question to be decided is how many professional players will be hired and what salaries will be paid them. All baseball players who have played with the American team and all those interested in the success of the American team are requested to be present.

Young Corbett to Hang Up His Sign.

New York, Sept. 7.—Young Corbett (William Rothwell) in tall three-foot letters of liquid sunshine over the front of a new Broadway thirst emporium. How does it strike you?

Rothwell is looking for a site on the Great White Way. He proposes something novel in the way of a sting-water stand. His place will be sans the rathskeller, sans the regulation bar, and sans the familiar "ladies' entrance."

A plain little buffet—that is his idea, and entirely "stag."

But this greatest novelty will be his assistants. Rothwell wants to share the limelight with some expugilists, and none but those of former distinction in the padded ring will be employed on the premises. Even the porter will be a fighter with a name to back him.

"GREEN SICKNESS"

The unhealthy complexion of green sickness is changed to the rosy blush of good health by Scott's Emulsion.

Green sickness is one of the forms of blood disease found in young women. The change from girlhood to womanhood often upsets the nervous system, weakens digestion and throws the blood-making organs out of gear.

Scott's Emulsion puts new heart into pale girls. It tones up the nervous and digestive system, and feeds the blood. It is a natural tonic.

Remember that 30 per cent. of these cases go on into consumption unless prevented. Scott's Emulsion prevents consumption.

We'll send you a sample free upon request.

SCOTT & BOWNE, 409 Pearl Street, New York.

REACH NO AGREEMENT

QUESTION OF REFEREE STILL REMAINS TO BE SETTLED.

Both Britt and Nelson Express Confidence That Difficulty Will Be Overcome and That Fight Will Occur on Saturday as Scheduled.

Associated Press Dispatch.

San Francisco, Sept. 7.—The managers of Britt and Nelson, after their late session last night, at which they failed to reach an agreement regarding a referee, have not as yet held their promised conference. It is not anticipated that the unexpected hitch will cause a permanent deadlock.

"There will be a fight," said Nelson at his training quarters today. "Do not worry about that. I will fight Britt at Colma, Saturday, but you can say what my manager has done meets with my approval. I will take any man for referee, barring Billy Roche. He can not act, but any of the others will do. This is my position in the matter."

Jimmy Britt appeared not to be in the slightest disturbed in the matter. He said: "I am not bothering myself a particle about the referee. I am out here to fight and will be ready to enter the ring Saturday. Jeffries will referee the fight and there will be no purse split. Jeffries is suitable to me. One thing about Jeffries—he has the confidence of the public and that is worth something."

Manager Coffroth said: "The referee has been chosen and the fight will take place Saturday."

In all probability the question which is now agitating the sporting fraternity will be settled tomorrow, when Jeffries will have arrived on the scene. Both men continue active training, realizing the importance of continuing on "a civedge" until the gong calls them to the ring.

Puts Big Bet on Britt.

Sheepshead Bay, N. Y., Sept. 7.—The first big wager to be recorded in connection with the lightweight championship battle between Jimmy Britt and Battling Nelson, in Colma, California, next Saturday was made here today when Joe Ullman, proprietor of the famous Bridge Whist club in Saratoga, wagered $1,000 on Britt to win against $900. Tom Jennings, one of the foremen on J. B. Haggin's farm, and Trainer Price, who like Jennings hails from the Pacific coast, where correct dope on the fighters is only to be had, took the Nelson end against Ullman's $1,000.

Late this afternoon Ullman announced his readiness to bet a large chunk of money on Britt in case he could get it down at evens or perhaps 9 to 10. The coming fight is exciting tremendous interest among the bookmakers and followers of the turf and many thousands of dollars will be wagered on the outcome here in the betting ring before Saturday night.

SHRUBB TO VISIT AMERICA.

Famous English Runner Many Compete in N. Y. A. C. Games.

New York, Sept. 7.—Alfred Shrubb, the world's champion distance runner, and J. M. Morton, the champion English sprinter, have landed in Canada, from England, and will, in all probability, visit the United States early in September.

Arthur Duffey, the American sprinter, just home from abroad, received a letter from Shrubb some days ago, stating that the English runner had succeeded in getting the ban against his American trip lifted, and would soon be on this side of the water.

Confirmation comes from Montreal in a dispatch which states that both of the English cracks have landed.

In the event of Shrubb visiting New York it is likely that he will try to lower some American distance records at the New York A. C. games to be held at Travers Island September 23.

The figures for two and four miles are at the mercy of the little Englishman. It is quite likely that he could break both of these records on the same afternoon.

Shrubb's traveling mate, Morton, is the best sprinter the British Isles has known in many a day. He defeated Arthur Duffey in several match races in England last summer, and could probably do the same with any of the eastern dashers with the exception of Shick of Harvard.

CHIHUAHUA LOOKING FOR TEAM

Fans Anxious to Send Competitors to Torreon Tournament.

The fans in Chihuahua seem to be having some trouble in getting a team in that city to represent the city in the baseball tournament which will be given in Torreon soon. Despite the fact that the Chihuahua fans have been working hard to get a team together that would do the city justice the team is not as yet an assured fact, although indications point to the early formation of a team. The management of the organization has been turned over to R. W. McLean, the proprietor of the Robinson house. Mr. McLean is greatly interested in the game and is anxious to see a team from Chihuahua in the competition for the championship of the northern part of the republic.

BANKRUPT BOOK SALE.

Monroe Publishing Company Assigns Choice Libraries at Half Price.

It is certainly the opportunity of a lifetime to obtain rare books in Mexico City at small cost. Book lovers in Mexico City can see M. Blumer and Mr. Hebard, at the Palace hotel, and examine the rare bargains they are offering in the best subscription libraries ever sold in the United States.

They are here for only a few days, and their stock is fast disappearing. Encyclopedias, histories, the best French, English and American fiction, all in leather bindings, are in many cases sold for less than the cost of binding. Nearly one hundred of our most cultured and wealthy citizens are among their list of buyers, and several have invested many hundreds of dollars. Our book loving friends should certainly not miss this first and only opportunity ever offered them to secure a fine library at remarkably low figures. If interested call or phone to the Palace hotel.

Illustrated Lecture on India.

By Rev. Wm. H. Sloan, at Baptist Church, Friday evening, September 8, at 8:30. Stereopticon views. Admission, one dollar. Benefit Hymn-Book fund. Tickets at Blake and Fiske's, Bolger's and Hoeck's.

There are many good places to stop in Mexico City but there is only one good place to eat. Kingman's Guardiola Restaurant.

Steamer Service on Lake Chapala.

This beautiful resort is now made more accessible by the reason of the steamship service inaugurated by the Chapala Navigation company with their new steamer "Frita," which accommodates about sixty passengers and makes the trip three times a week. It is intended, however, to provide daily service after the rainy season is over.

The steamer is now running as follows:

Leaves Ocotlan every Tuesday, Thursday and Saturday at 10:00 a. m. and returns the following day from Chapala (except Sundays) at 7:30 a. m.

Getting Diamond in Shape.

The work on the diamond at the baseball park is progressing much more rapidly than had been expected. The work of rolling the diamond has been commenced. This means that the grounds will likely be in shape for a game Sunday. It is possible that the Tacubayas and English College teams of the Summer league may play their game on this ground next Sunday instead of at Chapultepec.
