SPORTING NEWS SCORES MORRIS

Man With Alleged "Record" on Good Behavior Here.

The St. Louis Sporting News goes after Walter Morris, the shortstop with the National team, in quite a forceable way. The following is an extract from an article that appeared in the last issue of the sporting paper:

Walter Morris was released by Shreveport. Block secured him. Morris is a fine shortstop and played fine ball for the Warriors. Morris is also a foxy guy and in a short time he had things framed up so that Block put the rollers under Morrow and Morris was installed as manager and the Warriors began to climb upward at once and the attendance at the games in San Antonio began to swell.

Then Morris developed into a rabid umpire-baiter. He broke up a game in Galveston and had a mix-up with the umpire. In San Antonio he had another difference with the umpire and forfeited a game. In Houston he refused to play or allow the team to do so if Hayes umpired and forfeited the game to Houston. Shortly after this, Block, the owner of the San Antonio team, tied a can to his unruly manager, and chased him to the bushes. Morris is now suing for salary he claims is due him.

It is a little hard for the fans here to believe this report as Morris has been one of the best natured ball players on the field this year and has never had a word to say when the umpire's decision went against his team.

Fans in Mexico are very fortunate in having laws that prevent the breaking up of a game. When a game is once advertized it must be played or the association is liable to a heavy fine. Any player refusing to finish a game in Mexico can be immediately arrested and as this fact is generally known by most of the ball players there are very few of them that care much about breaking up a game no matter what the provocation may be.

McGraw to Become Club Owner.

New York, Oct. 27.—John J. McGraw may become a club owner in a short time. It is said that after the next annual meeting of the New York Club McGraw will have a financial interest in the club in addition to an increased salary as manager. This arrangement has been made in appreciation of McGraw's services to the team in leading them successfully through two championship series and then bringing to this city the highest honor that any team can win in baseball, the championship of all the leagues of the country. John T. Brush and Andrew Freedman are great admirers of McGraw personally and as a baseall man. While McGraw's salary has been large, at least $10,000 per annum, the principal stockholders of the club think he is entitled to higher recognition.

Nelson Refuses Big London Offer.

Kansas City, Mo., Oct. 27.—An offer of $2,000 a week to do a boxing turn for four weeks in London was turned down by Manager Billy Nolan for Battling Nelson today. Nolan says Nelson may go to England in the spring as a fighter instead of an actor, as Jem Bowker, who is outgrowing the bantamweight class, says he is anxious for a match.

Old Timer Quits Baseball.

Chicago, Oct. 27.—The end of the White Sox-Cubs post-season series brought the formal retirement of James A. Hart from the national game. He has been interested in baseball for many years and is one of the veterans of the game. Charles W. Murphy, who was formerly with the Giants, will take his place in the management of the club, backed it is said, by Cincinnati capital.

BEGINS NEXT FRIDAY

FIRST BOWLING CONGRESS EVER HELD IN MEXICO.

R. T. BOYD MAKES REPLY

Denies Report That Monterey Was Not Given Opportunity to Enter Congress—Tells Why El Oro Team Was Barred.

Friday, November 3, will mark the opening of the first bowling congress that has ever been given in Mexico.

The tournament is sure to excite great interest in bowling and undoubtedly will induce the establishment of clubs in many cities of the republic which have hitherto been without alleys.

Following is the line up of each of the teams that will compete for the Brunswick-Balke-Collender challenge cup:

Y. M. C. A. Mexican Branch—A. Valdes, captain; E. G. Rosas, A. L. Cardenas, L. G. Suarez, R. Jaubert, L. G. Varela, M. Pinal, A. Linder.

Mexico Country Club—C. H. Bartlett, captain; D. P. Edwards, A. F. Taylor, R. T. Boyd, G. B. Chase, L. A. Grever, Fred Nash, O. M. Sharp, A. S. Hughes.

Cosmopolitan Club—W. B. Gillespie, captain; Jas. Carey, D. Labansat, John Gray, J. R. Nelson, T. J. Barker, T. H. Keeffe, G. F. Thompson.

Y. M. C. A. English Branch—G. W. Coryell, captain; N. E. Sanders, Hugo Hack, M. E. Hilbert, F. W. Root, W. E. Castello, Theo. Hobgood, Jr., C. B. Edwards.

Cosmopolitan Club—W. A. McCrellis, captain; Geo. Docker, A. C. Scales, Theo. Paterson, Leo Frisbie, S. E. Arnold, Paul Vize, H. P. Gallagher.

Fair Treatment Accorded.

According to R. T. Boyd, who has been managing the affairs of the coming bowling tournament, the bowling team in Monterey had plenty of opportunity to enter and he denies the report that they were not given sufficient notice to enter. In regard to the El Oro team, which also has registered a kick, Mr. Boyd says that they could not be admitted from the fact that one of the regulations were that all games must be played on Brunswick-Balke-Collender alleys and there were no alleys of this kind at present in El Oro.

Mr. Boyd's letter, answering the statement made by the El Oro and Monterey people that they had not had a fair chance to enter the contest, is as follows:

Sporting Editor, Herald:

Sir—I would like to answer the item appearing in one of the sporting news columns of yesterday's issue, entitled, "Are Anxious to Bowl," in which our El Oro and Monterey bowling friends aired their disappointment on account of having been supposedly overlooked in connection with the coming tournament for the Brunswick-Balke Collender trophy. I would like to ask our El Oro friend where he proposes to carry on a tournament of this kind. I know for a certainty that the team of El Oro can not boast of a Brunswick-Balke-Collender regulation bowling alley unless the same has come to hand within the last week. This question can very easily be decided by simply referring it to the Brunswick-Balke-Collender management in this city. I understand the El Oro club will receive their alleys from the Chicago factories in a few days and in a matter of three or four weeks they will be in a position to enter for the contest. Surely they have not been so selfish as to expect suspension on our part until that time. I will add, however, that immediately on receipt of advice from the Brunswick-Balke-Collender people here, to the effect that El Oro's alleys are ready for use they will be included in our invitation to enter the Mexican bowling congress as have all clubs in Mexico using Brunswick-Balke-Collender alleys.

In connection with the complaint from Monterey a very short explanation is necessary. I would refer you to The Mexican Herald issue of October 8 in which there was published a letter to all clubs at that time eligible for entry in our organization, a copy of which was sent to Dr. R. D. Wanzel, the owner of the only regulation alleys in operation at Monterey. If Mr. Wenzel has never received a copy mentioned nor the two subsequent inquiries it is surely not the fault of the writer as they were plainly directed in accordance with information supplied by the Brunswick-Balke-Collender people. If these notices have been received, and I have every good reason to think that they have, why have our northern friends hesitated? The old saying that "he who hesitates, etc.," can be used appropriately for the Monterey team. They cannot consistently be allowed to enter a team for the coming tournament as all arrangements have been made to inaugurate the congress Friday, November 3, as previously announced. We will, however, be pleased to receive correspondence from them and entries for the second tournament which it is anticipated will commence about two months from date. Our secretary, A. Valdes, Apartado 322, will receive and acknowledge all entries.

R. T. BOYD.

Interesting tournaments will soon be in full swing at the Y. M. C. A. The handball and handicap billiard tournaments will open next Monday while the handicap pool tournament is expected to begin very shortly.

The following men have entered for this tournament up to date: Olbert, Ibarrando, Marin, Aristian, Rolla, Ratto, Taylor, Sanders, Rodriguez; Marin, Hughes and Sharp.

The prize for the handicap billiard tournament will be a special cue. The handicaps will be arranged by the secretary before the opening of the tournament. The entries in this tournament are: Edwards, Coryell, Olbert, Hack, Hijar and Haskin.

The entry list for the handicap pool tournament has just been opened and the number of names that have been signed is small but it is certain that there will be a large number of entries for this tournament within the next week. Those now entered are: Edwards, Hobgood, Granger, Sanders.

PRINCETON'S ROBINSON SICKS.

Famous Tiger Trainer Laid Off for a Time—Players Show It.

Princeton, N. J., Oct. 27.—For two weeks the Princeton football players will have to be content without a regular trainer, as Jim Robinson has been ordered South by his doctors. He has been sick for some time, but continued to look after his duties until today, when he left for Old Point Comfort to rest until November 1. While he is away the training duties will be shared by Dr. J. W. Carnochan, Director J. B. Fine and the regular coaches. The physical condition of the men is causing the greatest concern at the present time. Eight varsity men are laid up with injuries more or less serious. The injuries men are being rested for Saturday's game with Lafayette, when a hard practice contest is expected.

AT PACHUCA NOV. 1

BRITISHERS TO PLAY CHAMPIONS OF LAST YEAR.

PRACTICE MATCH SUNDAY

Pachuca Strongly Backed to Win Game From British Club on Pachuca Field on Next Wednesday—Friends Will Accompany Locals.

The eighth match of the football season will be played next Wednesday, November 1, at Pachuca, when the contending team will be Pachuca and the British club, and the struggle will be the first which the teams have had this season.

The Pachuca men have not lost a match this season, but have played a draw with the Mexico Country club, and a tie with the Reforma team.

Last year's champions are strongly fancied to win on Wednesday, but if the British club will play a game similar to the work they showed against Reforma in the second half of the match which was played on October 15, the Hidalgo men will find it hard to prevent the wearers of the white and blue stripes from scoring.

The British club team is as follows: Goal, E. Bourgeois; backs, J. Ritson, right, F. Trollope, left; half-backs, R. D. Madge right, J. T. Pryce Jone, centre (captain), A. C. Smith, left; forwards, J. Lemmens, outside right, A. H. Wiseman, inside right, J. F. McNabb, centre, A. M. Wallace, outside left, Hayward inside left. Reserves, Jackson, Alexander and E. S. Turner.

The team accompanied by a party of friends will leave by the Hidalgo railroad at 11 a. m. on Wednesday, and will return the same evening.

On Sunday morning at 9 a. m. the British club team will play a practice match with the Reforma club on the Reforma ground and the members of both teams are requested to be on the field punctually.

CRICKET IN INDIA.

Games and Gossip from the Far-Off Colony.

Calcutta, Oct. 27.—Owing to a disagreement between the Bombay Gymkhana and the Parsee cricket authorities there has been no Presidency v. Parsees cricket match in Bombay this year. The Gymkhanas wished the match to be played in the cold weather season, and the Parsees would not consent to this. Consequently the match was declared off. The Presidency V. Parsees match at Poona duly came off this week and the result was a tremendous licking for the Presidency. In fact it is a very long time since such an easy contest was made by the Parsees who are naturally in fine feather at having brought about the downfall. Captain J. G. Greigh who put up some fine scores for Hampshire while at home on leave this summer captained the Presidency team which also included Captain Rutter, Mr. Beaumont, Mr. J. O. Airey, Mr. G. N. Powell, Captain Kearsey, Mr. Blumer, Mr. J. A. C. Kiddle, Mr. Ling, Mr. Stileman and Mr. Stranger-Leathes.

PROFESSIONAL GOLF MEET 1906.

Plans for World's Crack Players Contest in New York.

New York, Oct. 27.—As a development of the recent open professional golf tournament held at Van Cortlandt park, a world's open professional tournament is to be held July 11 and 12 of next year. Those interested in the success of the last tournament met at the Van Cortlandt park golf house and discussed plans for the next tournament. An executive committee was appointed to have sole charge, as follows: Charles Kirchner, William H. Beers, Harry Easton Pyrke, William C. Freeland and J. P. O'Connell.

Correspondence is to be opened at once with the leading players of the world and the committee expects to have such players as Vardon, Braid, Hurd and Taylor play with America's crack players. From the support already tendered the committee it is expected that the largest purses ever offered professional golfers will be given. Purses for the regular contestants prizes will be given each day to those turning in the lowest score. A feature of the tournament is to be a team match between England, Scotland and America for a large purse. The purses are to be made up of voluntary contributions of golfers and those interested in the development of golf in America.

Football "Tonic" Whisky Shocks Them

Pittsburg, Oct. 27.—Hereafter the bottle containing liquid and labeled "tonic," which has been placed to the lips of the football players on the Sewickley Y. M. C. A. team whenever knocked out, will be barred. Members of the Y. M. C. A. have been shocked by the discovery that the bottle, which was supposed to contain lemon juice, sugar and root beer, really contained whisky.

It has been noticed at several games that a great many of the men on the Y. M. C. A. team got hurt and had to take frequent pulls at the "tonic" bottle. It was also noticed after the games that the players who had been injured were uncommonly frisky.

The secretary of the association, who is a young man, decided that he would participate in the football game. He was slightly injured in a scrimmage. He was "tonic" bottle was hurriedly brought. He took a swallow.

"Take it away!" he shouted. "That's whisky."

"Kid McCoy" in Disguise.

New York, Oct. 27.—Norman Selby, who during his career as a middleweight pugilist in the prize ring was known as "Kid McCoy," was married last night at the Algonquin hotel, this city, to Mrs. Lillian E. Ellis, widow of Edward C. Ellis of Schenectady.

Immediately after the ceremony, Mr. Selby said that he had dropped the name of McCoy forever. He was done with sporting life, he said, and would become a business man.

Wins Fortune for O'Malley.

New York, Oct. 27.—Dominick O'Malley of New Orleans executed one of the cleanest cut and most extensive betting coups of the racing year at Jamaica track recently. O'Malley won $72,000 on his filly Gold Rose. Bookmaker Maxey Blumenthal placed over $20,000 for O'Malley in the ring here, forcing the price against the filly from 3 to 1 to 6 to 5 at the close, while his bet at Hot Springs, Ark., ran up to $6,000. Approximately, the winnings totaled the above colossal amount.

FIVE RACES TOMORROW

STEEPLECHASE DAY AT THE PERALVILLO COURSE.

HANDSOME PROGRAM ISSUED

Racing Committee Receives Anonymous Letter Regarding the Entering by Lieutenant Sommerhoff of the Same Horse in Three Races.

Owing to there being some additions to the original list of entries for the fourth day of the Jockey club's October race meeting, the corrected program with the complete list of entries is now published.

The card has five races, all steeplechases, the distances ranging from 2,011 meters to 3,218 meters.

The day's sport is sure to be exciting, for in steeplechasing there is always the risk of horse balking at a jump, or of the horse and rider falling, and the possibility of a jockey being thrown.

In the race at two miles in addition to the hurdles and fences, the horses will have a water jump, which will test both the skill of the riders and the training of the horses. The water jump is always a part of a steeplechase course, in England, the United States, Australia and France, but it is new in this country, and is sure to cause a good deal of excitement. The big race is more likely to be won by good riding than by the speed of the horse that may finish first.

Handsome Program Issued.

Mr. de la Arena, the secretary of the meeting, must be congratulated upon the handsome program he just issued. In addition to the full list of entries, weights and colors of the riders, the program gives an accurate sketch of the three courses over which the races must be run. A glance at the plans of the courses shows the starting post in each race, the different jumps, and lines indicate the ground over which the horses must run, each course being completely flagged off.

Joaquin Amor will handle the starter's flag which means that one of the most important branches of the day's sport will be in the hands of a thoroughly experienced man.

Races Begin at 2:45 P. M.

As the five races are all over a distance of ground, the managers have wisely decided to start the first race at 2.45 p. m.

The first race is for the Military Riding club's prize, and is a steeplechase at 2,011 meters. The entries are: Lieut. Sommerhoff's King Log, b. h., 5 years, 63 kilos; W. Feuss' Sol, ch. h., aged, 63 kilos; R. Welton's, Caramelo, ch. h., 4 years, 63 kilos.

The second race is for the Ministerio de Hacienda purse of $300, and is a steeplechase at 2,414 meters. The entries are: L. Blum's, Lolly Daly, ch. m., 5 years, 65 kilos; Sta. Blum's, Pirate, ch. h., 4 years, 64 kilos; E. Welton's, Sweet Myrtle, ch. m., 4 years, 62½ kilos.

The third race is the grand steeplechase for the $1,000 purse of the president of the republic at 3,218 meters. The entries are: E. Leyde's, David Grey, ch. c., 4 years, 64 kilos; L. Blum's, Very Light, b. h., 5 years, 63½ kilos; A. de la Arena's, Oriveta, b. m., 4 years, 62½; M. Kananagh's, Wootsey Winierd, ch. m., 4 years, 62½.

Fourth race is a steeplechase for the French Riding club's prize, at 2,011 meters. The entries are: Lieut. Sommerhoff's King Log, ch. h., 5 years; A. Chabaud's Carboncillo, b. h., aged; Sudmacher's, Chepito, b. h., 7 years; L. Blum's, Dagger, ch. h., 5 years.

The fifth race is for the Clausura purse of $200. It is a steeplechase at 2,011 meters, for Military riders and horses. The entries are: M. Garcia Lugo's, b. h., Hetman, 6 years; Lieut. Sommerhoff's b. h., King Log, 5 years; J. Y. Limantour's, b. h., Preferido, 7 years; Sub-Lieutenant J. Plata's, b. h., Minuto, 7 years.

Mr. de la Arena Replies.

The following letter was addressed to the Racing Committee which has had in hand the season of races that has been taking place at Peralvillo:

"Mexico, October 25, 1905.

"Dear Sirs:—In today's Mexican Herald I observe that next Sunday Lieutenant Sommerhoff has entered the same horse for three long hurdle races. This seems to me an act of cruelty, if he carries it out.

"If he does not run the horse in the three races, he has an immense advantage over his competitors, for he can choose the race which best suits him.

"I beg to draw your attention to these matters and ask you to prevent us from being either the witnesses of cruelty to animals or suffering an injustice.

"With all due respect I sign myself.

"An Old Sportsman and Protector of Animals."

"To the gentlemen of the Racing committee, City."

Mr. de la Arena, secretary of the racing committee, has authorized the publication of the following statement in regard to the above anonymous communication:

"As a rule I consider an anonymous letter unworthy of notice. However, in this case I will make an exception, as some amusement is derivable from the task of giving this 'Old Sportsman and Protector of Animals' a little information of which he seems to be in need.

"It is well known to everybody who has taken any interest in racing in any part of the world where that sport flourishes, that any owner has a perfect right to enter the same horse in every event of the day and to run the same horse in the race or races in which he thinks it has the best chance. A horse can be entered for every race on payment of the fee.

"As regards the question of cruelty I would invite the attention of 'The Old Sportsman and Protector of Animals' to the fact that even supposing King Log runs in every race he is entered for on Sunday, he will only cover 6,022 meters over a very easy steeple chase course, while in hunting in Ireland, England, France and even Mexico, horses have frequently to make from 20 to 25 miles a day over a rough and difficult country. In racing, the Paris Grand Steeple Chase is 6,500 meters and the Liverpool Grand National Steeple Chase is 7,200 meters.

"If the 'Old Sportsman and Protector of Animals' wants to know anything more about racing I shall give him all the information available, provided he does not write again anonymously. Meanwhile I would suggest that he go to the bull-ring on Sunday where he will find scope for the exercise of his mission of 'Protector of Animals.'"

YOUNG ATHLETES OF MEXICO ORGANIZE TWO AMERICAN COLLEGE FOOTBALL TEAMS

American football will be played in Mexico this year. There have been many attempts to start the game here before but it has always proved a failure. However, it now looks as if the game would come to stay. Two boys' teams have been formed, one by the American school, and the other by the English-speaking branch of the Y. M. C. A. The first game will be played this morning at 9 a. m. on the Paseo.

Heretofore the attempt to start American college football has been confined to the older athletes of the city. It was found that few of them were willing to get into the condition necessary for this vigorous game and the consequence was that no permanent teams ever were formed. The only two American football games in Mexico were played last year at the times of the benefits for the Tacubaya and American baseball teams.

As the older athletes do not have time the younger ones have stepped in and promise to make the game popular here.

The American school team has been practicing for the past two weeks and is getting signals down in good shape. The Alvarado branch of the Y. M. C. A. has plenty of good material.

Young Corbett in Earnest.

New York, Oct. 27.—Young Corbett, former feathers weight title holder, is evidently singere in his determination to regain his lost pugilistic laurels. He is making matches right and left and claims that he hopes to force recognition from Britt and Nelson, by defeating all comers in this class. He is matched to tackle Toe Tipman in Baltimore before the Eureka A. C., next week. Another match which he has just closed calls for about with Kid Goodman at Boston, Oct. 31.

Ralling to Play Sunday.

Tom Ralling, the pitcher from the Milwaukee team of the American association, who will pitch for the Olivers this year, wires that he will arrive in Mexico City Sunday morning. If this is the case he will be in the game Sunday afternoon.

Congressional Shorthand by Mail.

A school for teaching the system of shorthand used for recording the debates in the Halls of the U. S. Congress, has been established in Washington, and lessons by correspondence are to be given by a former reporter. The fact that this system meets the high speed requirements of those debates gives it the prestige of being the leading system of the United States, if not of the world. The price of a full course, as advertised, is $5. Further information can be obtained by addressing the CONGRESSIONAL SHORTHAND SCHOOL, 12th and G sts., Washington, D. C., U. S. A.
