Secretary Taft did well to decline the proffered gift of a big live elephant which an admirer wanted him to take for a campaign mascot.

THE FOREIGN PRESS.
Protection From the Train Talker.
"Silent" compartments in trains are as necessary as "smoking" or "ladies'" compartments.

THE PANAMA CANAL.
Culebra Canal Zone, July 9.—It is the old story of Yankee brains, Yankee energy for doing things, and Yankee grit and determination.

Uncle Sam is about to proceed against 4,000 citizens of Oklahoma for having got deeds for their farms from the unsophisticated Indians by questionable means.

The Chinese have become large buyers of talking machines, and Germany and the United States are supplying the market.

Mr. Frank T. Bullen, F. R. G. S., in the latest number of the Bibliophile, has an interesting article on "Robinson Crusoe."

Buttermilk is described by its admirers as the elixir of life. It is said to counteract the taste for all intoxicants.

On Bryan's farm he will have four cuttings of alfalfa this year. This may make the commoner sort of farmer jealous, and so votes be lost.

Turkey's constitution will probably last as long as the Persian parliament.

Lightning struck a big elm near Dayton, Ohio, killing 100 young turkeys roosting in the limbs and two steers which had taken refuge under the tree.

Why Physicians Are Short-Lived.
Longevity depends far more upon the manner of a man's life than upon the drugs which he swallows.

A Peril of Railway Nationalization.
British traders who have, thoughtlessly given support to Mr. Lloyd-George's equally thoughtless utterances in favour of railway nationalization may be perfectly certain that unless state management of railways were accompanied, as it virtually is in Prussia, by the disfranchisement of the railway worker, the whole service would be worked, not in the interests of the traders, nor in the interests of the exchequer, but solely in the interests of the employees.

THE PANAMA CANAL.

Culebra Canal Zone, July 9.—It is the old story of Yankee brains, Yankee energy for doing things, and Yankee grit and determination.

Another hustler on the commission was Jackson, Smith. Former Chief Engineer Stevens said of him in a letter to the president that he was the most thorough master of the question of labor that he had ever met in his thirty years' experience as a construction man.

Governor Jo. S. C. Blackburn of the Canal Zone is a good example of the right man in the right place.

Col. Gorgas's Work.
Last but not least is Col. Gorgas of the sanitary department.

ON THE SUBURBAN FERRY.
Men in mass are neither beautiful nor impressive to look at.

IRVING AND TERRY.
Henry Irving did not treat me badly. He revived "Faust" and produced "Dante."

ROOM FOR GOOD MELODRAMA.
Why cannot we have melodrama as good as America sends us?

THE COURTS OF EUROPE.
(Mby The Marquise de Fontenay).
Misfortunes seem to dog the steps of the Eulenburg family.

THE COURTS OF EUROPE.

(By The Marquise de Fontenay).
Misfortunes seem to dog the steps of the Eulenburg family.

Defense Made by Editor.
When the suit came up for trial a few days ago, the editor declared, through his counsel, that he had no intention whatsoever of ascribing any lover to the countess.

First Husband Was Divorced.
Countess Wartenleben's first husband was Count Frederick Eulenburg, the only brother of Prince Phillip Eulenburg.

Appointment Gives Pleasure.
Considerable satisfaction has been created in court and official circles in England by the action of the Russian minister of foreign affairs, Baron Iswolski, in appointing Elin Demidoff, princess of San Donato, to be his principal private secretary and chief de cabinet.

THE COWARDLY COUGAR.
Martha found a seat below the falls and took out her knitting, a sock for Eben, while the teacher chose a place a little down stream and opened her sketchbook.

STATESMANSHIP.
The triple qualification of Job's patience, a saint's temper, and a jobber's hide, is the prime requisite of a responsible statesman.

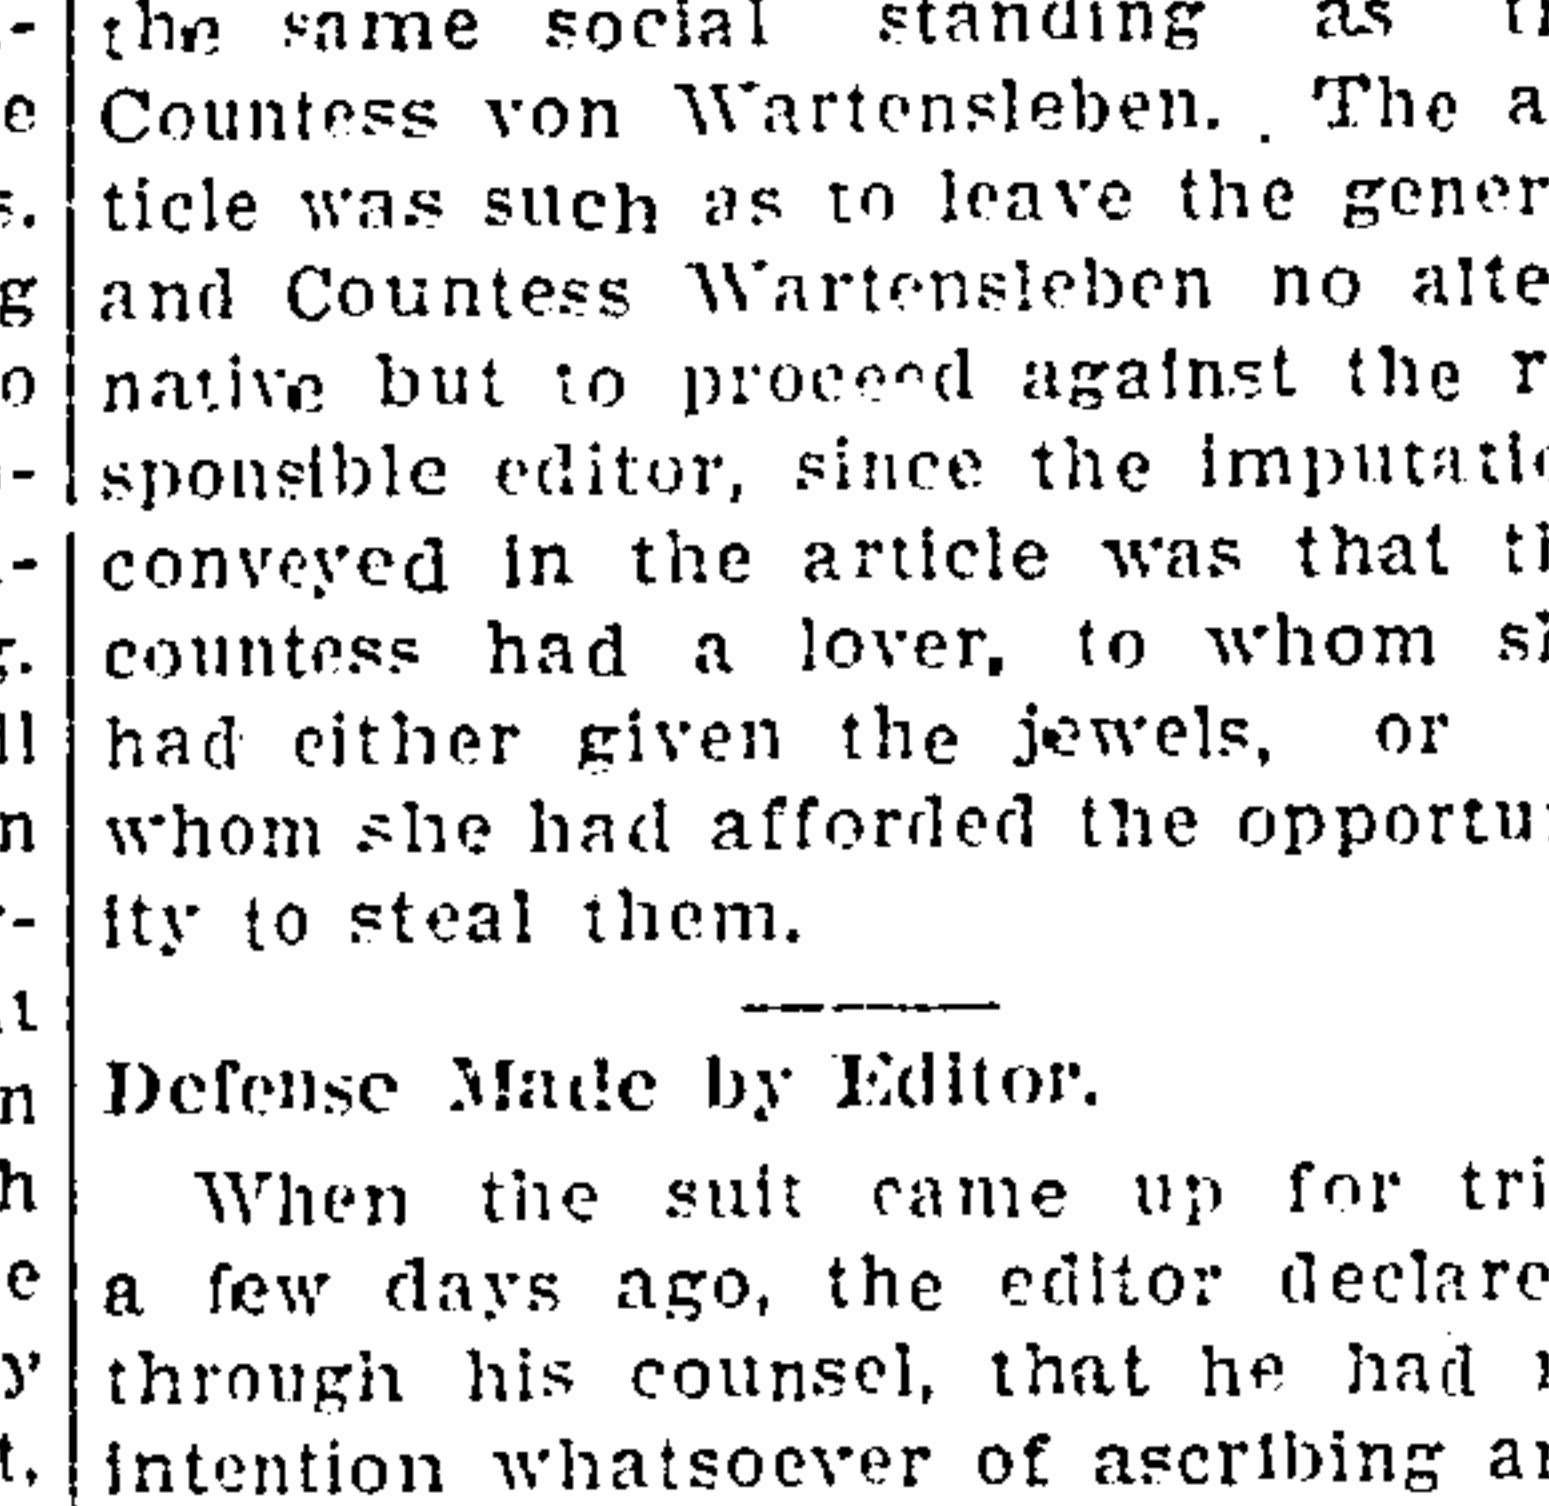

SCHOOL NEEDS.
It seems that along with a revival in spelling we are to have more attention paid to arithmetic and algebra.
